No. 418.—The Government are pleased to appoint the undersigned persons to be members of the District Educational Council, North Arcot:—

Mr. M. S. D. P. No. 100/1936. The Government are pleased to appoint Mr. G. Sathyanarayana to be a teacher of the District Educational Council, North Arcot:—

The primary object of the appeal is to provide a new Infirmary House at the Royal Hospital School, which forms part of Greenwich Hospital, founded by Royal Charter in 1594 for the benefit of all and disabled seamen of the Royal Navy and their widows, and the maintenance and education of their children.

The present school at Hulsebrook was opened by His Majesty The King as Prince of Wales in 1836. Its main object is to provide education and training for the sons of Royal seamen between the ages of 11 and 14, passages being given to seafarers. As the present boys there are less than 100 in the school, each named after a former Admiral. The Infirmary House would accommodate a further 80 boys, and should provide for many generations to come a most fitting memorial to this great school.

Any funds remaining after the payment of the £25,000 required for the erection of the new Infirmary House at the Royal Hospital School are to be divided equally between the Royal Naval School and the Prince of Wales' British Legion Pension Fund.

The Royal Naval School has been established for more than 150 years, and provides for the education and training of orphaned sons and daughters of officers and men of the mercantile marine. During the Great War, no less than 700 of its old boys recommended and offered merchant vessels. This school is now advanced to increased, new techniques, as well as education.

Lord Jellicoe was greatly impressed by what is said at the school of the education and training provided, and was, in fact, to have broadcast an appeal on its behalf on the Monday following his death.

The Prince of Wales' British Legion Pension Fund was formed four years ago to provide pensions of 10p per week for seafarers and seafarers' widows over 60 years of age who are unable to work but not in receipt of any War Pensions. At the present time, 2,800 of these Pensioners are on the list, at an annual cost of £25,000, but with the advancing age of seafarers and the increasing effect upon their health of the strain of the War years, the need for these Pensioners is rapidly outstripping the resources of the Fund.

O. H. MASTERMAN,
Secretary to Government.

The Government of India, in order to give effect to the provisions of the International Agreement, have decided to amend the Indian Tea Control Act, 1905, so as to extend its provisions to Burma. The amendments proposed are of a technical nature, and are intended to bring the Indian Tea Control Act, 1905, into conformity with the provisions of the International Agreement.

Enacted,
This 24th July 1906.

RAJNULAH KHAN.

STATEMENT OF OBJECTS AND REASONS.

Clause (1) of subsection (1) of section 4 of the Indian Tea Control Act, 1905, as amended by the Indian Tea Control (Amendment) Act, 1905, provides for the submission to the Government of India of the Indian Tea Control Commission of two copies of the returns of the tea trade in India. At the time when the amendment of "Bihar and Orissa" was introduced in the Legislative Assembly the provisions of

Drain had not been considered, but it was the intention that both parties would be represented from when is now the members of Drain. In reply to my enquiry whether the collection of tax in Drain is provided to be at subject's expense to provide a representative from that position the Government of Drain have agreed to the appointment of both members from it for the present. As would meet of the Act is prepared for the purpose of submitting "Bihar" for "Drain and Drain".

2. In addition to the amendment referred to above it is also proposed to amend clause (a) and (b) of subsection (2) of section 4 of the Act so it was not intended that the Government of Drain should be represented on the Advisory Board of the Indian Tax Commission.
